

## EdgeRouter 4-Port ( ER-4-EU )

Šifra: 43022

Kategorija proizvoda: Wireless router

Proizvođač: Ubiquiti

**Cena: 88.901,00** rsd.

|                                           |                                                                                                    |
|-------------------------------------------|----------------------------------------------------------------------------------------------------|
| Network Device Type:                      | Router                                                                                             |
| Data Link Protocol Supports (New):        | LAN                                                                                                |
| CPU:                                      | MIPS 64                                                                                            |
| CPU Core Quantity:                        | 4                                                                                                  |
| Internal Clock Rate:                      | 1 GHz                                                                                              |
| Installed Flash Memory Storage Capacity:  | 4 GB                                                                                               |
| External Device Support:                  | USB Flash                                                                                          |
| Installed RAM:                            | 1 GB                                                                                               |
| LAN:                                      | 3 (RJ-45)                                                                                          |
| Supported Networking Compliant Standards: | IEEE 802.1p(QoS)<br>IEEE 802.1Q(VLAN)<br>IEEE 802.3<br>IEEE 802.3ab<br>IEEE 802.3ad<br>IEEE 802.3u |
| Protocols (OSI Model):                    | Ethernet<br>PPPoE<br>IPv6<br>IGMP<br>OSPF<br>RIP<br>L2TP<br>PPTP<br>QoS                            |
| Application Layer:                        | BGP<br>DHCP<br>SNMP<br>DNS<br>NTP<br>Telnet<br>SSH                                                 |
| Firewall Functions and Protocols:         | NAT Support<br>DMZ Support<br>MAC address filtering                                                |
| Router Features:                          | Web Interface                                                                                      |
| Device Location:                          | Plug-in Module                                                                                     |
| Status LED Indicators:                    | Activity Status<br>Link                                                                            |

|                            |                      |
|----------------------------|----------------------|
| Speed                      |                      |
| Certifications:            | CE, FCC, IC          |
| Serial:                    | 1 (RJ-45)            |
| USB 3.0:                   | 1 (USB 2.0 (type A)) |
| LAN:                       | 3 (RJ-45)            |
| SFP:                       | 1                    |
| Power Device Location:     | External             |
| Maximum Input Frequency:   | 60 Hz                |
| Minimum Input Frequency:   | 50 Hz                |
| Maximum Input Voltage:     | 240 V                |
| Minimum Input Voltage:     | 110 V                |
| Maximum Power Consumption: | 13 W                 |
| Width (mm):                | 229 mm               |
| Height (mm):               | 31.1 mm              |
| Depth (mm):                | 136.5 mm             |
